Through the Informative clinic we intend to offer an overview of the update offer on the world's No. 1 methodology for teaching football skills, the Coerver Coaching. The methodology of Dutch origin has throughout its history the interaction and modernization due to the comparison with all the international cultures with which it's interconnected, to date the Coerver is widespread in over 40 countries. The lesson in its practical and theoretical part will illustrate the didactic programs of the courses and all the services connected to the world of Coerver Italy and International.
